FDM Series Drum Mowers

FDM-165, FDM-185, and FDM-210H

FDM Series Drum mowers feature robust durable construction for years of trouble free performance. Their simple robust design boasts one of the lowest power requirements in the industry. The result is low fuel consumption and longer tractor life. Switching from transport to mowing is simple and quick. Impact protection is provided by an automatic breakaway system. High quality swath and clean even cut will satisfy even the most demanding user.

Model	FDM-165	FDM-185	FDM-210H
Working Width	66"	73"	83"
Drums	Double	Double	Double
Blades Per Drum	3	3	4
Quick Change Blades	Standard	Standard	Standard
Swath Width	28"	32"	32"
