MINI ROTARY TILLER

MINI SKID STEER ATTACHMENT

**BREAKING NEW
GROUND...**

The Mini Rotary Tiller is the perfect tool for preparing gardens, food plots or seeding beds. It breaks ground up to 4" deep. The bidirectional rotation saves time and labor as it allows you to quickly pulverize soil and gives the ability to cover your tracks. The direct-drive motor and replaceable, double-edge, hardened tines keep you in the fields working, not in the repair shop.

FEATURES

- Tills up to 4" deep
- Bidirectional rotation increases efficiency by saving time and labor
- Direct-drive motor gives higher production with lower maintenance
- Replaceable, double edge, hardened tines for prolonged life

MINI ROTARY TILLER

MINI SKID STEER ATTACHMENT

BI-DIRECTIONAL ROTATION
increases efficiency by saving
time and labor

Replaceable, double edge,
HARDENED TINES
for prolonged life

DIRECT-DRIVE motor
gives higher production with
lower maintenance

Tines are designed to allow “flex” so damage is less likely when a large rock is impacted and turned over through the tines.

Break new ground for gardens or food plots.
