## SNOW PUSHER

SKID STEER ATTACHMENT

**MOVE MOUNTAINS...**

This Snow Pusher is designed to move a large volume of snow very quickly – up to five times faster than a conventional snow blade. The perfect way to remove snow from parking lots, driveways, and from up against buildings utilizing the optional “Pull Back” system. The universal quick attach system fits most skid steers and compact tractors.

### FEATURES

- 37” high side panels
- Strong, high-carbon steel cutting edge for long life
- Features our universal mounting system for fast, easy hook-up
- Easy adjust depth shoes
- Optional “pull back” scraper blade turns pusher into a “scraper” for more versatility
- Tubular steel frame for added strength
- Our universal attachment plates fit most skid steers
