

SPRAYERS

GC SERIES

FEATURES:

- Tanks are made of reinforced polyethylene with smooth lines that are gentle on plants
- High pressure piston diaphragm pumps
- Mounting rails for various attachments
- Pressure regulator valve with manual controls
- High pressure jet agitation
- Large suction filter with shut-off valve
- Clean water 4 gallon tank for hand washing

GC Series Sprayers feature rear rails which allows for easy mounting of bolt-on attachments such as a vertical boom, horizontal booms, hose reels, and handguns. These sprayers feature reinforced polyethylene tanks suspended from a tubular steel frame to isolate the tanks. Also featured are piston diaphragm pumps and a hand wash tank for convenience and safety.
